

Titanium Starter Ring Bolts

1. Always use anti-seize or low/blue threadlock with titanium bolts to prevent galling.
2. Absolutely never use an impact gun on titanium bolts.
3. Clean out any threadlocker residue before installing these bolts.
4. Torque clutch cover bolts, using a calibrated torque wrench, to 165 in-lbs.

Please email info@firenice.us if there is any issue with your order.
